

Certified Teacher Evaluators

Updated June 2022

→Tracy Dunlap - FCTH Member

I am a certified teacher in the state of Florida as well as a licensed educational therapist. I have taught in public and private school, and am currently homeschooling my own five children. I am also the founder of Education Genesis, LLC, which provides various educational services such as tutoring, progress monitoring, diagnostic testing, and annual evaluations. Annual evaluations are conducted at an agreed upon location that is comfortable to the student. My goal is for evaluations to be thorough and relaxed. Prior to the meeting, I send parents an email outlining the process. In person rates are \$40 for your first child, \$20 for the second, and \$15 for each additional child in your family, and online rates are \$35 for your first child, \$15 for the second, and \$10 for each additional child in your family.. Please contact me at 850-583-1436 or tracy@educationgenesis.com.

I have been serving homeschool families with annual evaluations for over 20 years. My husband, Tom, and I spent 22 years homeschooling our own five children, most of those years in Bay County, Florida. We were charter members of FCTH. I am comfortable with any age students, including special needs. I love to help parents become confident with the process of homeschooling, knowing that they can provide the best education for their children. Some of my favorite parts of evals is finding ways to simplify, so that the homeschool family can learn together and meet their goals in education. I also like to share how to prepare for college. My fee is \$35 for the first student, and \$15 for each additional child in the same family. I also offer testing once a year, usually in May. I am willing to travel to other counties for 2 mornings of testing or one day of multiple evaluation appointments, if I have a local coordinator. Contact me at 850-381-1115 or hholmes40@aol.com.

I have recently finished my tenth year as a homeschool mom. I have a bachelor's degree in education from the University of Central Florida and taught in public school systems in Florida and North Carolina for six years prior to the birth of my first child. Before moving to Bay County in March of 2022, I served nine years as a director in a Classical Conversations program in Live Oak, Florida. My husband Ryan and I have three children: Caroline (15), Carter (12), and Brady (7). I love helping new and current homeschool families with any questions or needs that may arise in their homeschooling journey. I am available all year for evaluations and am willing to do them in person or online. My fee is \$20 per child. You may contact me by texting/calling me at 386-344-0781 or via email at ryanandkimvermilyea@gmail.com.
